

Got To Be Love

Jermaine Stewart

Seen you at the party
Now I'm seeing you in my scene
Must be something special
Whatever it is, it's getting kinda neat
I just wanna touch you
I just wanna hold your body tight
I must confess
You got the best of what I like

Whenever I'm near you
Whenever I'm near you
I could feel it!
Love
Whoa-whoa-whoa-whoa-whoa

Love
It's got to be love
It's got to be
Get off of my place!
It's got to be love, mmm
Love
It's got to be love
It's got to be love
Get off of my place!
Oh, it's got to be love

Do you like my music?
Would you like to join me in a kiss?
Ah...
Mmm, all of this romance
Got me thinking 'bout the love
I could miss
You got the action
Makes the other boys just wanna stop
You give me this feeling
And, boy, this feeling's getting kinda hot

Whenever I'm near you
Whenever I'm near you
I could feel it!
Love

Whenever I'm near you
Whenever I'm near you
I could feel it!
Hmm, hey, hey, hey

Love
It's got to be love
Oh, it's got to be love
Get off of my place!
It's got to be love, ooh, yeah
Love
It's got to be love
It's got to be
Get off of my place!
It's got to be love, mmm

You just don't know
What you do to me
I think I'm 'bout to lose my head
(Oh, oh, oh)
I never had a feeling
Quite like this
They got me so worked up in my mind
My eyes are seeing red

Love
It's got to be love
It's got to be
Get off of my place!
It's got to be love, mm-mmm
Love
It's got to be love
It's got to be
Gett off of my place!
Oh, it's got to be love, mm-mmm

Love
Sing, love

Whoo!
Love

Love
It's got to be love
It's got to be
Get off of my place!
Oh, it's got to be love, yeah
Love
It's got to be love
It's got to be love
Get off of my place!
Oh, it's got to be-ee-ee-ee-ee

(Repeat 4x until the end)
What it's got to be love
Got to be love

Love
It's got to be love
It's got to be
Get off of my place!
Oh, it's got to be love, yeah
Love
It's got to be love
It's got to be love
Get off of my place!
It's got to be, oh-oh-oh-oh

Love
It's got to be love
It's got to be love
Get off of my place!
It's got to be-ee-ee-ee, yeah
Love
It's got to be love
It's got to be love
Get off of my place!
Oh, it's got to be love, love, love, love

Stop!
