

You

Jermaine Stewart

You, you have given me
So much joy you see
That's why I'm so grateful to you
You have paved my life
In such a way that's why
I'm so grateful

I must keep careful
Careful not to spoil
All the love and joy
Keep me free from pain
(Always sunshine)
Always sunshine, always from rain
Teach me right from wrong
Never to be alone
You given me your word
(That one day)
That one day you would return

Love, love has much meaning
That I'd never put the words
How I feel, so you see
You see why I love you so
Still you never know
Just how I feel

I must keep saving
Save up all my heart
(I'm saving)
Keep me free from harm
Said you'd be my guide
Always be me eternally
(Eternally)
Help me keep the peace
Turn the other cheek
I love you with all my soul
Only to you, I'm so grateful
(I'm so grateful)

I must keep careful
Careful not to spoil
All the love and joy
Keep me free from pain
(Always sunshine, always from rain)
Always sunshine, always from rain
Teach me right from wrong
Never to be alone
You given me your word
(That one day)
That one day you would return

Save up all my heart
Keep me free from harm
Said you'd be my guide
Always be me eternally
(Eternally)
Help me keep the peace

Turn the other cheek
I love you with all my soul
Only to you, I'm so grateful
(I'm so grateful)
