

## This Ride

Jerrod Niemann

I don't wanna love you for a weekend  
I don't want that goodbye kiss before I drive away  
I don't wanna love you for a weekend  
And put it out like a cigarette, you don't need to go

I could just lay on the gas with you sitting pretty  
Chuck tees on the dash all night on this ride  
Chasing these white lines  
I could hit cruise control, yeah, we could roll slow  
We could park in the [?]  
Of the streetlight  
I just know that I

Wanna stay on this ride  
I wanna stay on this ride  
All night with you

I don't wanna spin these tires 'cause I can't sleep  
See a couple in a car being everything we're not  
We could cruise down to the south side peer beach  
Listen to the waves in the dark, I don't need to drop you off

I could just lay on the gas with you sitting pretty  
Chuck tees on the dash all night on this ride  
Chasing these white lines  
I can hit cruise control, yeah, we could roll slow  
We could park in the [?]  
Of the streetlight

I can hit cruise control yeah  
We could roll slow  
We could park in the  
[?] floor of a streetlight  
I just know that I

Wanna stay on this ride  
I wanna stay on this ride  
All night with you  
I wanna stay on this ride  
I wanna stay on this ride  
All night with you

I don't wanna love you for a weekend  
I don't want that goodbye kiss

I could just lay on the gas with you sitting pretty  
Chuck tees on the dash all night on this ride  
Chasing these white lines  
I can hit cruise control, yeah, we could roll slow  
We could park in the [?]  
Of the streetlight  
I just know that I

Wanna stay on this ride  
I wanna stay on this ride  
All night with you  
I wanna stay on this ride

I wanna stay on this ride  
All night with you  
Wanna stay on this ride  
I wanna stay on this ride  
All night  
I wanna stay on this ride  
I wanna stay on this ride  
All night  
I wanna stay on this ride  
I wanna stay on this ride  
All night  
I wanna stay on this ride  
I wanna stay on this ride  
All night with you
