

## S.O.S.

**Jerry Cantrell**

Didn't know what to say, nothing new to tell ya  
Downtime I create, enter self-destructor  
Sever all, no more ties, walk away from each other  
I know you're my brother and I don't even know ya

Both beard and my face growing longer  
The stench of decay growing stronger  
Reality and dream intermingle  
Contently swallow shit on a shingle

Reality and dream intermingle
