

#CHEWING

Jerry Heil

Cyberspace is my home
My address is lone.com
I hate flakers I don't flake
I was choosin' outfit and it got me headache

I'm not afraid of lonely life
I've got online life
It's a Facetime time
T-t-time
More than three is crowd
I hate underground
Please don't call me out
Please forgive me but I better stay

Sippin' coffee
Chewing pizza

Chewing chewing chewing chewing
Chewing chewing chewing chewing
Chewing chewing chewing chewing
Chewing chewing
Chewing chewing chewing chewing
Chewing chewing chewing chewing
Chewing chewing chewing chewing
Chewing chewing

I stay at home and I slay all day
And I stay at home and I slay all day
'Cause no make up, no make outs
No freak outs when I wake up
I'm famous in my family
I love my auntie Emily
She says T's for the toilet
P's for the paper
I'm buying it for 6
Sell for 10 to my neighbours
Gotta grow up?
What is this for?
I've got a strong adult relationships
At Sims 4

I'm not afraid of lonely life
I've got online life
It's a Facetime time
T-t-time
More than three is crowd
I hate underground
Please don't call me out
Please forgive me but I better stay

Sippin' coffee
Chewing pizza

Chewing chewing chewing chewing
Chewing chewing chewing chewing
Chewing chewing chewing chewing
Chewing chewing

Chewing chewing chewing chewing
Chewing chewing chewing chewing
Chewing chewing chewing chewing
Chewing chewing
