

# My Favorite Picture Of You

Jerry Jeff Walker

My favorite picture of you  
Is one where you're staring  
Straight into the lens  
It's just a Polaroid shot  
Someone took on the spot  
No beginning, no end  
Moment in time  
You can't have it back  
You never left  
But your bags were packed  
Just in case

My favorite picture of you  
It's worn and it's tattered  
And it's pinned to my wall  
You were so angry then  
It's hard to believe  
We were lovers at all  
A fire in your eyes  
Heart's on your sleeve  
A curse on your lips  
But all I could see was beautiful

My favorite picture of you  
Is the one where your wings are showing  
Your arms are crossed, your fists are clinched  
Gone but not going  
A stand up angel who won't back down  
Nobody's fool and nobody's clown  
Smarter than that

My favorite picture of you  
Is one where it hasn't quite rained yet  
But as I recall there came a summer squall  
We got soaking wet  
A thousand words in the blink of an eye  
The camera loves you, so do I
