

I Was Sorta Wonderin'

Jerry Lee Lewis

I was sorta wondering darlin' do you miss me tonight
Wondering are you all alone and blue?
I was kinda reminiscing darling how your eyes used to light
When I touched you and whispered I love you

There's no reason my darlin' for us to drift apart
I can't rely on faith to heal my worn out heart
I was sorta wondering please miss me tonight
Wondering do you feel like I do

There was no reason my darlin' for us to drift apart
I can't rely on faith to heal my broken heart
I was sorta wondering darlin' do you miss me tonight
Wondering do you feel like I do
