

What My Woman Can't Do

Jerry Lee Lewis

(What my woman can't do can't be done)
Well it amazes me how she can change my mind
When it seems to be impossible my God she can do it everytime
And the way she always loves me she's got that down perfect too
I keep asking myself what is it that lady can't do
She brightens any room she walks inside (yes she does)
And the way she comes in smiling you'd think she'd never every
cry
She still looks as young and pretty as she did the day we met
If there's one thing bad about her
I tell her I ain't ever found it yet (haha think about it)
What can't do can't be done
If there's ever been a darlin' Jerry Lee's findin' one (yes he
does)
She beats all I've ever seen she's the champion of our team
What my woman can't do can't be done
What my woman can't do can't be done
