

## Miller's Cave

Jerry Reed

Way down in the state of Georgia in the swamps and everglades  
There's a big old hole on the backside of Tiger Mountain  
God help the man who ever gets lost in Miller's Cave

Well I had me a gal in Waycross Georgia oh but she had unfaithful ways  
God she made me feel feel like I was unwanted  
Kinda like the bats and the bears that hang around Miller's Cave

Well I caught her out last Saturday evening with some dude everybody call Big Dave  
Just the meanest man ever hit Waycross Georgia  
Rather fight me a big old mountain lion in Miller's Cave

So I said you're gonna pay both you and little baby  
Woman I'm gonna see you see you in your grave  
Well they laughed at me and oh Lord right before I shot them  
Then I dragged their lyin' schemin' bones to Miller's Cave

Well I couldn't stand stand the way she done me  
So I guess I showed her I was brave  
The most wanted man to ever hit the state of Georgia  
But they'll never find me because I'm lost in Miller's Cave
