

## Nashville Woman

Jerry Reed

Nashville woman sing your country songs to me  
Nashville woman sing your country songs to me  
I ain't had no lovin' since I left you and Tennessee

Nashville woman let me lay down across your bed  
I need you woman let me lay down across your bed  
Cause girl I've got the blues and I hear freight trains in my head

Downhome lady take that guitar down from off the wall

Yes downhome lady take that guitar down from off the wall  
And honey sing me songs of midnight and I might never leave at all

Oh Nashville woman just sing your country songs to me  
Yeah Nashville woman sing your country songs to me  
Woman I ain't had no lovin' since I left you and Tennessee  
Well Nashville woman oh love me Nashville woman
