

Love Me the Way I Love You

Jerry Vale

Love me the way i love you, That's all i ask of you.
Need me the way i need you, Miss me the way i miss you.
No matter where you roam.
And from the moment you're with me
Make my arms your home.
Never will i know happiness
Until you're mine alone.
Open your heart and take me, Take me through heavens doors. Lov
e me the way i love you
Now and ever more.
Miss me the way i miss you
No matter where you roam.
And from the moment you're with me
Make my arms your home.
Never will i know happiness
Until you're mine alone.
Open your heart and take me, Take me through heavens doors, Lov
e me the way i love you, Now and ever more.
