

You Alone

Jerry Vale

You alone, you alone
Are the dream I have known
Bringing love to my lonely heart

Now there's heaven in view
Now the dream has come true
For tonight I have you alone

Now that your eyes have told me
You are my love, my own
Come to my arms and hold me
I live for you alone

Solo tu, solo tu

Sei il sogno mio amor
Ch'era sempre nel mio cuor

Ora il sogno vero
Perche son solo con te

You alone, you alone
Are the dream I have known
Bringing love to my lonely heart

Now there's heaven in view
Now the dream has come true
For tonight I have you alone
