

Here & Now

Jes

You will always take the long road
And ride a storm inside a dark night
I toss and turn
I'm seeing red
A free for all inside my head
But when we speak the words are hard to find

Do you feel it coming
Feel the waters rush in
On the wings of here and now

In a world that's changing
There's you and me remaining
All we have is here and now

Do you feel it coming
Feel the waters rush in
All we have is here and now

We are here and now
We are here and now
We are here and now

I toss and turn
I'm seeing red
A free for all inside my head
but when we speak the word are hard to find

Do you feel it coming
Feel the waters rush in
On the wings of here and now

In a world that's changing
There's you and me remaining
All we have is here and now
