this is here, this is now this is all, we can fathom all that makes you feel it right so grab a hold, get on top cause this is all, you can have it if you just listen to the soul you become

I'm crying out to every corner of the Earth why cant we live as one, In Ohm In Ohm

this is it, this is now this is all we can do it all to make us feel some peace so grab a hold, get on top cause this is all we can handle what ever keeps you alive

cause I'm crying out
to every corner or the Earth
why can't we live as one... In Ohm
In Ohm
Alive

whatever keeps you alive...

In Ohm, to every corner of the Earth In Ohm
why can't we live as one, In Ohm
In Ohm
cause I'm crying out...
