

Stronger

Jes

macho super rated, all night hurricane
don't stay too long baby
you might fade, or maybe I will

the night is getting stronger
the days are getting longer
and I don't think I can take it

blue child, T'ude his way in
midnight Novocaine
one way fascination, I can't be or maybe I can

Chorus

sometimes a souvenir, sometimes a celebration
so try me on now, tie me on down
sometimes it's nice to take it
