

Such A Long Time

Jes

Ooh, I've waited
For such a long time
Contemplated
What I'd say when I see you
And I feel myself
And I come running backward
Feelin' so lost
But I could never show you

Sing a love song
'Cause you're never... never far away
Sing a love song
Cry for my heart
'Cause you're never... never far away

Stand beside of me
And I know we will go on
And never fail
(Unintelligible)
'Cause everyday is like a new beginning
I'm gonna slip away
Gonna slip away (Slip away...)
Gonna slip away (Slip away...)

Ooh, I've waited
For such a long time

Sing a love song
'Cause you're never... never far away
Sing a love song
Cry for my heart
'Cause you're never... never far away
