

Introduction

To love someone unconditionally
Is one of the strongest feelings in the world
Quite possibly the strongest
It can consume you
It will consume you
But we have to be careful with the people we choose to love
And the people we allow to love us
Because if they don't
It can break you in more ways than you've ever imagined
So, once we encounter love
We have to ask
Do you love me, or are you just lonely?
