

Cry Me A River

Jess Godwin

Cry me cry me cry me cry me
Cry me cry me cry me cry me
Cry me cry me cry me cry me

You were my sun
You were my earth
Didn't know all the ways I loved you, no

You don't have to say what you did
I already know, I found out from him
You don't have to say what you did
I already know, I found out from him

Oh!, the damage is done
So I guess I'll be leaving
Oh! oh, the damage is done
So I guess I'll be leaving

(Cry me a river)
