

# Something There

Jess Godwin

There's something sweet, and almost kind  
But he was mean and he was coarse and unrefined  
And now he's dear, and so unsure  
I wonder why I didn't see it there before  
I wonder why I didn't see it there before  
Didn't see it there  
Didn't see it there  
I wonder why I didn't see it there before
