

We don't have a cop 'cause we don't need one
But we got a beauty shop 'cause we need our hair done
Yeah, the building is old but the rumors are new
And if you need a bouquet you can get it there too
We don't have a cop 'cause we don't need one

Where it's
One long mile off the highway
One downtown closed on Sunday
One main street and one stop sign
One bar with one good beer like
Easy to love, hard to find
Got a real good man that I call mine
You might not see it
But everything I need's what I got
Oh, in a tiny little mapdot

Sometimes we leave but we always come back
And if we had a billboard it would probably say that
This town's got my heart and my joy and my tears
I could live anywhere but it wouldn't feel like here

Where it's
One long mile off the highway
One downtown closed on Sunday
One main street and one stop sign
One bar with one good beer like
Easy to love, hard to find
Got a real good man that I call mine
You might not see it
But everything I need's what I got
Oh, in a tiny little mapdot
Yeah, in this tiny little mapdot

No, we don't got a lot
But you're gonna wanna stop

So take
One long mile off the highway
One downtown closed on Sunday
One main street and one stop sign
One bar with one good beer like
Easy to love, hard to find
Got a real good man that I call mine
You might not see it
But everything I need's what I got
Oh, in a tiny little mapdot, oh
Yeah, in this tiny little mapdot
Yeah, you'll find me in this tiny little mapdot
