

Too Much Too Soon

Jess Moskaluke

You just bought me that first drink
We just danced to that first song
Already sitting in your lap and I gotta admit
It don't feel wrong
And I know it's still early
But looking in your eyes
Could be Friday night, love at first sight
'Cause it sure don't feel like

Too much, too soon
Too far, too fast
But the way you're looking, I can't [?]
I'm good if you're good with that
I could already feel us catching feels
Soon as you walked in the room
Haven't said goodnight
But I know I'm way too into you
Too much, too soon
Too much, too soon

I kinda wanna get your number
I kinda wanna make this a day, but
Looking at you, I can't help get ahead of myself
So I'm sorry if I say

Too much, too soon
Too far, too fast
But the way you're looking, I can't [?]
I'm good if you're good with that
I could already feel us catching feels
Soon as you walked in the room
Haven't said goodnight
But I know I'm way too into you
Too much, too soon
Too much, too soon

Too much, too soon
Too far, too fast
I know we just met but we already skipped
To making out in the back

Too much, too soon
Too far, too fast
But the way you're looking, I can't [?]
I'm good if you're good with that
I could already feel us catching feels
Soon as you walked in the room
Haven't said goodnight
But I know I'm way too into you
Too much, too soon
Too much, too soon
