

Dream State

Jess Williamson

You're my mirror
I'm not ready to touch you yet
Can I just see you?
Close as I'm allowed to get

If I have half a mind
If I have half a mind
If I have half a mind
I am close to my dream
Close to my dream state
I am close to my dream
Close to my dream state
I am close to my dream
Close to my dream state
Close to my dream

I know you
You're a magic girl
The way you touch and punish me
Face of an angel

If I have half a mind
If I have half a mind
If I have half a mind
I am close to my dream
Close to my dream state
I am close to my dream
Close to my dream state
I am close to my dream
Close to my dream state
Close to my dream
