

DON'T STOP

JessB

(Yo, Jess B, wah fi top it?)
(Yeah)

Now it just don't stop, run it up, yeah
We've been down low now we on
And it just don't stop, run it up, yeah
Do it for the home where we from
And it just don't stop
Now it just don't stop
Now it just don't stop
Now it just don't

Now it just don't stop, yeah. We get it a lot.
I make another go, and take it off and do my bop
Motherfuckers know we aim for the top
Red dot, I ain't wasting no time, waste mine, get chopped
Protect the energy like it's all that you got
I ain't never cared what a lame nigga thought
I care about the love that we hold like a squad
So I'm holding my team and I'm holding my spot, yeah

And now their jaws on the floor 'cause I don't ever stop, me
Got it like we got it, hell nah, you could not be
If they want war, tell 'em all that we got heat
Fire in my core, bitch you sitting on a hot seat

Man down, man down
Another one gone, another man down
Man down, man down
Another one gone, another man down

And it just don't stop, run it up, yeah
We've been down low now we on
And it just don't stop, run it up, yeah
Do it for the home where we from
And it just don't stop
Now it just don't stop
Now it just don't stop
Now it just don't

Yeah, we're coming for you
And it just don't stop
I said we're coming for you
And it just don't stop
Yeah, we're coming for you
And it just don't stop
I said we're coming for you
And it just don't stop

Yeah, unstoppable chain and me a fuck up e real
260 pon the dash and them a hop on a plane, pop it off, put that in a brain
Top of me game and me a rough up e Spain
Like buy two matic and tough up a lane or my voice too tune and fuck up a stage
Is either you make we fuck, you know babes, or you go 'bout your ways
Pack your things and come over my place 'cause it just don't stop
Bust down chain, them a bust down watch

Custom weapon, custom glock
Realest good thing, man, bust gunshot
Thick body bitch and she love suck
Ha, a wah you feel say we run? Fuck shop
We have drugs, not crack, we no fuck with cops
Jess B, tell them we're making money, flipping money

Now it just don't stop, run it up, yeah
We've been down low now we on
And it just don't stop, run it up, yeah
Do it for the home where we from
And it just don't stop
Now it just don't stop
Now it just don't stop
Now it just don't

Man down, man down
Another one gone, another man down
Man down, man down
Another one gone, another man down
