

Hold Me Down

JessB

I want that oooh ooh yeah baby type love
The type to see the morning when the nights' done
Nah I don't gotta tell you where I come from
That type of love knows what its like huh

Make my heart double dutch and run away wit me
I can hold my own so don't play with me
That type there, want that right there
The beat slap right here that's black right here

Type of love chilling with a durag on
And the music on and the mood feel home
Type of love boutta get a two step on
Cause the groove just right huh know

Like a team for life huh know
I'm about my business baby this I know
No keys in the whip, just push start go
If you wanna fall, first you must let go

Oooh I can feel it coming
This type of feeling I want it
If you want me to tell you about it
I'll need a moment
I'm in a new head space
I got new fresh plays
If I hold you up
Will you hold me down

Go hold me down
Go hold me down
If you wanna do that, here's, my love lovely
Cause you know that I need you right now

Can you hold me down
Can you hold me down
If you won't better go - better leave me lonely cause you know don't need it
right now

I got drive when I got you with me
Hit a you turn so you don't miss me
I got a lot just you that's missing
God damn, she pretty
Got back like Nicki
And cut them off for you
But who checking
Block them so I never block the blessing

You see me
You get me
Ima do me
So is you wit me uh huh

Like a team for life huh know
I'm about my business baby this I know
No keys in the whip, just push start go
If you wanna fall, first you must let go

Oooh I can feel it coming
This type of feeling I want it
If you want me to tell you about it
I'll need a moment
I'm in a new head space
I got new fresh plays
If I hold you up
Will you hold me down

Go hold me down
Go hold me down
If you wanna do that, here's, my love lovely
Cause you know that I need you right now

Can you hold me down
Can you hold me down
If you won't better go - better leave me lonely cause you know don't need it
right now
Hold me down
