I feel bad tonight, where the trouble at?
Old ting on my phone tryna holla at
And I only move forward but my track, run it back
And I only came once so I ain't coming back

Look, I make moves, I don't double tap
And I put in work then I double back
Stacking up the cash, baby, I need a rubber band
You need a fragile sticker and some bubble wrap

Don't come at me 'cause the girls stay with me
In the AK, I got girls in Sydney
We will wile out, and we will get shifty
Face on ten, but the mouth ain't pretty

No biggy, we be booked and we busy
No ice on my neck but the fit so drippy
You wanna leave with me, go ask the committee
And you better show me what you working witty

Too wild, yeah, the team too wild
Black on black, that's that whew chile
Too severe, yeah, the team too severe
And we keeping that mood for the rest of the year

Yeah, we keeping that mood, yeah, that mood
Yeah, we keeping that mood, yeah, that mood
Yeah, we keeping that mood, yeah, that mood
And you better make room when we step in the room

Big mama, I don't want no drama
I don't take no shit, yeah, I do what I wanna
Don't got no designer, no Fendi or Prada
But we got that savage like Rihanna

Hey hey, yeah, we rolling gang gang
Whole team ride, we be in the same lane
Yeah, we impact on 'em, hear the sound, bang, bang
Then we skrrt right past 'em to the bank, chang, chang

Just some big boss bitches making big moves
Motivated too 'cause my rent due
And I stay up on ya mind like some shampoos
Oh, you tryna fill my spot, well that's some big shoes

I'ma big shark, baby, no boasting
I'm just riding my wave, just coastin'
And I'ma speak my speech it till it's spoken
Yeah, level up baby, we evolving

Too wild, yeah, the team too wild
Black on black, that's that whew chile
Too severe, yeah, the team too severe
And we keeping that mood for the rest of the year

Yeah, we keeping that mood, yeah, that mood

Yeah, we keeping that mood, yeah, that mood
And you better make room when we step in the room
