

Ring Ring

JessB

Ring-ring when I hit your line
When I hit your line, pick it up

Phone call when she ring, don't stall (Ayy)
Before you know, got my back on the wall
In a good way, baby, good day (Ayy)
You ain't gotta be my boo for a bouquet
Touché for the coochie, I don't play like 2K
Gimme toupee, it go two ways
She want proof I'm the truth
I don't refuse, I just do it how I do, uh
Pull up hat with the corn rows
And the spirit, nah, they don't ever sell those
They confused, ooh, "How you smooth like that?"
I don't know, baby boy, but your girl knows

If you like it better put a ring tone on it
You can call my phone anytime you wanna
The way you do feels so iconic
So if you set the bar, have a gin and tonic with me

Ring-ring when I hit your line
When I hit your line, pick it up
(Pick it up)
