

Take It Down

JessB

I take it down and bring it back one time
I take it down and bring it back one time for ya
I take it down and bring it back one time
I take it down and bring it back one time for ya

Summertime flow, got that summertime glow
Brown skin, yeah, for the summertime show
You know I keep it cold like some summertime snow
And you know I take it low and bring it back once more, ay
I been grindin' for a while now (While now)
I been workin' yeah, and I smile now (Smile now)
'Cause people feelin' me and my style, now (Style, now)
And I never changed, now we wild out (Ride out)
I still got all my day ones with me, yeah, they with me
I still stay a hundred, no, I'm never fifty-fifty
Still keep it G, I keep it pretty, keep it something
I keep it gritty, we been pourin', and I'm feelin' kinda tipsy, ay
Pour it up, pour it up, pour it up
Good vibes here, if you with it, roll up, ay
Work it out, work it out, work it out
Jess B, Rubi Du, yeah, we 'bout to hook it up, ay

Me and my girls wanna have a good time
In the sunshine, it's a slow wine
And a bubble-bubble, we no want no trouble
Foot to the rubber, buckle up for the double
Just a vibin' when I feel no way
We have timin', so we can't be late
What a nice thing for your good sistren
Me and my friend, dem all tied to the end
In the sunshine, in the summertime
Just a fun time in the summertime
And a full time in the summertime
And a good time in the summertime, like

Back it up, back it up, back it up, back it up
Forward, forward, forward, forward, and a
Slow wine, slow wine, slow wine, slow wine
Back down, back down, back down, back down

Yeah, we keep it poppin', yeah, we keep it droppin'
We can't stop, don't stop, no, that ain't an option
We in your city, and in your city, yeah, we go off
You get the hype when we get in, that's at no cost
All the hating girls, dem lookin' so washed
We go hard, we go hard, we never go soft
Anytime a good time, like my wristwatch
Booty work got their eyes goin' criss-crossed
Who you here with? Who you here with?
Work it out, bring it back, make it red shift
Up and down, side to side, like a gear shift
This the kinda of sh.. you don't wanna interfere with
Make it jiggle just a little
He be all up in my griddle tryna get into the middle
But I ain't tryna listen, I ain't tryna keep it simple
I been tryna put down, so tell the DJ, "Get a signal," wait

Back it up, back it up, back it up, back it up
Forward, forward, forward, forward, and a
Slow wine, slow wine, slow wine, slow wine
Back down, back down, back down, back down

I take it down and bring it back one time
I take it down and bring it back one time for ya
I take it down and bring it back one time
I take it down and bring it back one time for ya

Vibin' when I feel no way
We have timin', so we can't be late
What a nice thing for your good sistren
Me and my friend, dem all tied to the end
In the sunshine, in the summertime
Just a fun time in the summertime
And a full time in the summertime
And a full time in the summertime, like

Back it up, back it up, back it up, back it up
Forward, forward, forward, forward, and a
Slow wine, slow wine, slow wine, slow wine
Back down, back down, back down, back down

I take it down and bring it back one time
I take it down and bring it back one time for ya
