

Tit 4 Tat

JessB

I've been feelin' more aggressive lately
Baby T low pitched, but I'm such a lady
Yeah, I've been playin' nice, now it's fuck you, pay me
You can cash these hands if you actin' shady
Chick, stay one hunnid
Stay twenty eighty
Eat these rappers like they're lamb and gravy
I still ain't sleepin' 'cause these rappers lazy
I'm 'bout to play these bitches like a ukulele

These bummy ass hoes need to back up off me
Can I get some peace with the mornin' coffee?
Heard you talkin' shit about meetin' your posse
I told you no one time, now you actin' salty
What I gotta do for respect?
I'm out here fightin' like a damn cadet
You better check yourself, you better check your neck
You better wake the fuck up 'cause you won't be slipped

Dudes be out here braggin' like they God's gift
But when you gonna learn that you are not it?
I can kill you on a check
You need to stop it
Yeah, I know you heard my stuff
I know you cop it

I ain't really here just to chit or chat
Here to do my thing, yeah, that's a fact
If you strike out, watch me hit your back
I done leveled up
Now it's tit 4 tat
Tit 4 tat, yeah, tit 4 tat
If you strike out, watch me hit your back
Yeah, tit 4 tat, that's tit 4 tat
I done leveled up
Now it's tit 4 tat

And I ain't never hang around fake peeps
I love hard, I run deep
But I see the snakes, see the black sheep
They try to slide inside, they tryna break me
I'm the shine to live my dreams, don't wake me
I've the shine to get cake, you can't shake me
Yeah, I'm young and I got it, can you blame me?

Yeah, I'm young and fit
I can handle it
And I work for the shit
I wasn't handed this
Got the standard cheek
And now I channel that
And I've been ridin' these beats like I straddled it
Got the game by the neck, 'bout to strangle it
Yeah, I'm runnin' this shit, break your ankle with it
Yeah, I'm so reckless, so ample with it
Turn the game plan into a shamble with it

These bitches really wanna try me, wow
These bitches really wanna try me, how?
I ain't really wanna push no one down
But if you disregard, I'm 'bout to diss you now
Take a bow, boo
Yeah, show been done
Before it even started, yeah, you jumped the gun
I'm a bad bitch and I been under one
They say I'm the shit and that's one plus one

I ain't really here just to chit or chat
Here to do my thing, yeah that's a fact
If you strike out, watch me hit your back
I done leveled up
Now it's tit 4 tat
Tit 4 tat, yeah, tit 4 tat
If you strike out, watch me hit your back
Yeah, tit 4 tat, that's tit 4 tat
I done leveled up
Now it's tit 4 tat

Know you hear my voice 'cause I'm what's up
I'm tryna get that, I'm tryna pump it up
The crowd gon' jump from the back to the front
The thing on swoll like a pimp so plump
So why these little boys tryna humpty hump?
I be stackin' money in a lumpdy lump
They hatin' 'cause they know my shit bumpdy bump
Of me, can't see them
Got no room for chumps
