

Fallout

Jesse Jo Stark

So
As you know
This has been hell
I live in hell
Don't
Tell me the truth
About me and you
Just listen to me

So buy me a ring
The beautiful thing about
The things that come out your mouth
Fallout
I don't know how not to have you around

I'm unwell
I feel so heavy
I'm not ready
Keep me for a while
Stay with me forever
Wish I could feel better

So buy me a ring
The beautiful thing about
The things that come out your mouth
Fallout
I don't know how not to have you around

It's been cold
You feel cold been sad lately
It's getting old
I feel my body
I feel my body
Your voice still haunts me
But you'll never know

Don't buy me a ring
The scariest ting about being all alone
Clouds grow
I don't know how not to have you around
Don't buy me a ring
The beautiful thing about
The things that come out your mouth
I don't know how not to have you around
