I'm in a bad mood
Can you tell?
Everything's cool
I'm spinnin' out
I see it now
It took a while
I'm coming down
It took a while
When I'm alone
I feel alone
When I'm at home
I'm not at home
I'm in a bad mood
Can you tell?
I'm in a bad mood
Can you tell?

I took a trip
I met a star
Her mouth was full
But not her heart
I like yer hair
I like yers too
First time she got she fucked my dude

You're all alone, you'll always be
You won't get no love from me
I'm in a bad mood
Can you tell?
I'm in a bad mood
Can you tell?
