

pussycat

Jesse Jo Stark

(One) hit and run
(Two) losing you
(Three) coyote
(Four) hit the floor
(Five) try to fly
(Six) is this it?
(Seven) went to heaven
(Eight) not today

Turn the heat on in my car
Just to feel something warm
Ohh baby
Ohh baby
Had to roll the windows down
Just to try to get you out
Ohh baby
Ohh baby

You might be a dog but I'm a pussycat
And you know how to bark but I will scratch right back
And it's hard to move on when you look like that
It's hard to move on when you look like that
You might be a dog but I'm a pussycat
And I had nine lives
Only got one left
Well I gave you a lot but you ain't gettin that
I gave you alot but you ain't gettin that

The AC still can't keep me cool
Since you left me like a fool
Puppy dog eyes got me blue
But I ain't got tears left for you baby
Ohh baby
Been so long without your kiss
God I'm lovesick over this
Left your wounds for me to lick
Never gonna be your bitch

Yeah you might be a dog but I'm a pussycat
And you know how to bark but I will scratch right back
And it's hard to move on when you look like that
It's hard to move on when you look like that
You might be a dog but I'm a pussycat
And I had nine lives
Only got one left
Well I gave you a lot but you ain't getting that
I gave you a lot but you ain't getting that

Had to bring the claws out
You put me in the dog house
Had to bring the claws out
You put me in the dog house
