

Rot Away

Jesse Jo Stark

He's slim and stoned and sitting alone
He's slim and stoned and a long way from home
He's slim and stoned and a bad bag of bones
He's slim and stoned, come on, buy me some honey

Smash and smack
In love little junkie
Smash and smack
In love my honey
Smash and smack
In love little junkie
Smash and smack
In love my honey

Please rot away with me
Please rot away with me

Smash and smacked
Were the West Coast hits
The ocean full of the beautiful kids
Thirteen years I've lived for you, doll
This wholesome heart is your wrecking ball

Smash and smack
In love little junkie
Smash and smack
In love my honey
Smash and smack
In love little junkie
Smash and smack
In love my honey

Please rot away with me
Please rot away with me
