

Skeleton

Jesse Jo Stark

My skeleton is freaking me out
I'm in my body again
Don't wanna talk about it
Ever again
My OCD is kicking in
I can't complain again
I won't complain again

You took the flesh from me
Made it look too easy
Now I'm sad again
Give back my fucking skin
Did you really need a knife
To stab me in the back three times
Stop breaking all my bones
Leave me the hell alone

My skeleton is freaking me out
I'm in my body again
Don't wanna talk about it
Ever again
My OCD is kicking in
I can't complain again
I won't complain again

I can't complain again
I won't complain again

I can't complain again
I won't complain again
Again
