

Helpless

Jesse & Joy

When you were by my side
We would shine like the northern lights
Their glow is often green
Felt like I could do anything

Heartless darkness crept across and covered up my eyes
How do I stop your shadow from living all in black and white?

And it's forty nights since you quit my life
Left without a sound
Left without a sound, I hate this
To feel so helpless
And it's times like this that I miss your kiss
Wish we never met, wish I never let me love you
And never felt this
Helpless, helpless

The bruises never stay
Turn from blue to yellow, then they fade
They fade, they fade, they fade
But you broke me like a bone
I might never be whole again

Heartless darkness crept across and covered up my eyes
How do I stop your shadow from living all in black and white?

And it's forty nights since you quit my life
Left without a sound
Left without a sound, I hate this
To feel so helpless
And it's times like this that I miss your kiss
Wish we never met, wish I never let me love you
And never felt this
Helpless, helpless

Go be happy, go and be free
It's all the same to me
Go be friend, go be enemy
And let's be strangers, let the pain just go away

And it's forty nights since you quit my life
Left without a sound
Left without a sound, I hate this
How I hate, I hate, I hate this
And it's times like this when I miss your kiss
Wish we never met, wish I never let me love you
I'm so helpless, helpless, helpless
Helpless, helpless
Helpless, helpless
