

Here I Go

Jesse & Joy

One, two, three, four
Five, six, seven, thirty
Gotta go, gotta wash
Gotta eat and then I'm so tired
Taxi's gone, sky is grey
Murphy's right, got its way
Phone is dead, did I pay?
Just like any other normal day

Here I go, a little crazy but I go
Gotta save some money and fix that hole in my soul
Bring it on, I'm tired but I'm strong
I'm late, I'm running, I'm mad, I'm breaking
But I'll make it to the end

Get this, now you can't miss
Anyone can make it, autotune can really fake it
Don't know how
And no, would you really care if I forget the melody of our song?
Would you change the radio station, leave me here singing alone

Here I go, uneasy but I go
Gotta save some money and fix that hole in my soul
Bring it on, I'm tired but I'm strong
I'm lost, confused, I'm out of tune
But I'll make it to the end

Pa pa pa pa pa, pa ra ra
Pa pa pa pa pa, pa ra ra
If I forget the words I'm singing I just fix it with a...
Pa pa pa pa pa, pa ra ra
Pa pa pa pa pa, pa ra ra

Everyone can see someone, it might not be the perfect one
The mirror does not always see exactly what we always wanna see
Hey, what if today you forget your reflections of what they say?
It could be better to sending your emotions on the holiday

Here I go, dreaming but I go
Gotta save some money and fix that hole in my soul
Bring it on, I'm tired but I'm strong
I'm mad, confused, I'm out of tune
I'm lost, I'm late, I'm running, I'm breaking
But I've made it to the end
