

Living Proof

Jesse Labelle

I was like Lazarus
Six feet underground
All but a headstone on my heart
Needed a light to pierce the dark

I was a lost cause
No pulse to be found
There was a flatline in my soul
But I've got a real life miracle

Singing I gotta testify
Signing glory hallelujah
Praise the Lord I am alive
I was a dead man walking til' I heard Him calling
Rise up from that tomb
Now I'm dying to tell you
What Jesus can do
Cause I'm living proof
Cause I'm living proof

I let go of my grave clothes
Buried all my shame
I threw a funeral for my fear
Watched every shadow disappear

It was mercy that saved me
And grace that called my name
I went under a slave to sun
But I came up born again

Singing I gotta testify
Signing glory hallelujah
Praise the Lord I am alive
I was a dead man walking til' I heard Him calling
Rise up from that tomb
Now I'm dying to tell you
What Jesus can do
Cause I'm living proof
Cause I'm living proof

Cause He healed me, saved me
Found me, claimed me
Turned my life around
Cause He chose me, raised me
Loved me, claimed me
And I can't shut my mouth
If He healed you, saved you
Found you, claimed you
Turned your life around
If he chose you, raised you
Loved you, claimed you
Someone shout it out

Singing I gotta testify
Signing glory hallelujah
Praise the Lord I am alive
I was a dead man walking til' I heard Him calling

Rise up from that tomb
Now I'm dying to tell you
What Jesus can do
Cause I'm living proof
Cause I'm living proof
Cause I'm living proof
