

# November

Jesse Labelle

Take a picture if it fits  
And hang it as you wish on any of your days  
And give what you wanna give  
But don't forget to live  
It's better anyways  
And it's my mistake if I'm now waking up this time I think its all the  
same  
And I know it's only that's taking up the will to find another way  
And it's been a long time

So, tell me is it good? Is everything okay?  
And is it still November cause I'm ready for a change  
And are you good? Is everything okay?  
You know I still remember your ways  
Nothing's really changed  
Nothing here has changed

Love is there another way  
A different kind of play  
Maybe we're okay  
So smile just a little bit  
Lets hide you in your in to run too far away  
And come what may I know that waiting's not the smartest thing to do  
but hey  
I'll be here anyway  
And if time stops all around me  
It's the same as when you found me anyway  
It's been a long time

Tell me is it good? Is everything okay?  
And is it still November cause I'm ready for a change  
And are you good? Is everything okay?  
You know I still remember your ways  
Nothing's really changed  
Nothing here has changed

But, tell me is it good? Is everything okay?  
And is it still November cause I'm ready for a change  
And are you good? Is everything okay?  
You know I still remember your ways  
And nothing's really changed  
Nothing here has changed

So, tell me is it good? Is everything okay?  
And is it still November?
