

You Left Me

Jesse Labelle

You're that sunset everybody talks about
You're that song that pulls you over on the shoulder breaks you
down
I never felt that kind of feeling
You got me wide awake, dreaming out loud
I still can't believe, you left me

You left me breathless, with your kiss, and hungry for more
You left me smiling, like I never smiled before
You left me knowing what direction I'm supposed to go
You left me hanging on your beautiful hello
And I tell you babe I love the way you left me

You don't know the power of your true love
All I know is that you're the reason I know there's a God above
I never felt that kinda feeling
But you got this boy believing in the two of us, yeah
And I never thought that I'd be glad you left me

Breathless with your kiss, and hungry for more
You left me smiling, like I never smiled before
You left me knowing what direction, I'm supposed to go
You left me hanging on your beautiful hello
And I'll tell you babe, I love the way you left me
