

Love Streams

Jesse Malin

Some might wake up in a doorway
Some live in mansions, sick and sad
Some decay without the glory
And never realize what they had

I'm not wasting away my dreams
In shadows and shade, love streams
I'm not wasting away

Spent my childhood at the movies
With Lenny Bruce and young Joe Buck
One day you'll wake up and you're 30
And you can't even drive a truck

I'm not wasting away my dreams
In shadows and shade, love streams
I'm not wasting away, no, no

Heading back where I come from
Beyond the valley and the neon sun
At 3'clock when that bell rung
Well, every moment left unsung
Still yours, it's all I got

I'm not wasting away my dreams
In shadows and shade, love streams
I'm not wasting away, no, no
