

Dulce

Jesse McCartney

What would it take?
Got that look in your eyes
and I wanna turn night into day
How you switch up your lingo
Never heard another girl say
She say, Papasito wow
Convince me make me wanna stay.
Make me wanna stay yeah yeah yeah

Wait, why you wanna make me wait
Why you tryina play it safe
I just want a little taste
Bring it over here now

Heard they call you Dulce baby so sweet
I just wanna put your lips all on me
Ask me what I'm on I'm sayin your name
Your name your name

Feel a new addiction comin for me
Got me trippin up I'm weak in my knees
Sugar you be rushin up in my Brain
My brain my brain

I know you only get the best mamma
Well you can put me to the test mamma
Let me show you how
We can leave right now
We can leave right now

Don't wait, why you wanna make me wait
Why you tryina play it safe
I just want a little taste
Bring it over here now

Heard they call you Dulce baby so sweet
I just wanna put your lips all on me
Ask me what I'm on I'm sayin your name
Your name your name
Feel a new addiction comin for me
Got me trippin up I'm weak in my knees
Sugar you be rushin up in my Brain
My brain my brain

Heard they call you Dulce baby so sweet
I just wanna put your lips all on me
Ask me what I'm on I'm sayin your name
Your name your name

Feel a new addiction comin for me
Got me trippin up I'm weak in my knees
Sugar you be rushin up in my Brain
My brain my brain

I know you only get the best mamma
Well you can put me to the test mamma
