Gone

Jesse Mccartney

Go see
What it's like to be with another guy
Go try
Baby find yourself another life
You say you don't need me
So baby just leave me
'Cos all of this pushin' pullin'
It ain't right

But before you go and blow off everything we had
Remember there are somethings you can
Never take back

You're gonna miss me when I'm gone
You're gonna feel
What it feels like to be lonely, alone
And when you see
That I'm happy on my own
That's when your jealously will grow
And baby then you'll know
That you never should have walked away
You made a big mistake
I'll be gone gone gone gone
I'll be gone gone gone

What's gonna happen when
You hear about
With someone else
And you know that she
Has got me now
Well you'll be sorry
But then I won't be sorry
'Cos I see what you put me through
Come back around

So before you go and blow off everything we had
You'd better stop and realise that you'll never Get me back

You're gonna miss me when I'm gone
You're gonna feel
What it feels like to be lonely, alone
And when you see
That I'm happy on my own
That's when your jealously will grow
And baby then you'll know
That you never should have walked away
You made a big mistake
I'll be gone gone gone gone
I'll be gone gone gone gone

Some doors open
While other ones are closing
So if you think I'll sit here waiting
You'd better think again
You'd better think again

You're gonna miss me when im gone

You're gonna feel
What it feels like to be lonely, alone
And when you see
That I'm happy on my own
That's when your jealously will grow
And baby then you'll know
That you never should have walked away
You made a big mistake
I'll be gone gone gone gone
Gone gone gone gone gone
