

# Make A Baby

Jesse Mccartney

Panties off when she saw me sing  
One thing led to another thing  
Locked it down so she got that ring  
Now we both know what we're missing

It's all she wants to do  
Got me on a schedule  
Always in the mood  
I'm lucky as fuck

I want it all  
It's tasty  
I eat it up like pastry  
In the mall  
She makes me  
They hate us up in Macy's  
In the car  
Mercedes  
Buckle up no safety  
Wants it hard  
And daily  
She says  
Come, I'll make a baby with you

Tops me off with my favorite drink  
I like it sweet and I like it pink  
Make it drip like a kitchen sink  
Leave it in that's her favorite kink

It's all she wants to do  
Got me on a schedule  
Always in the mood  
I'm lucky as fuck

I want it all  
It's tasty  
I eat it up like pastry  
In the mall  
She makes me  
They hate us up in Macy's  
In the car  
Mercedes  
Buckle up no safety  
Wants it hard  
And daily  
She says  
Come, I'll make a baby with you

Panties off when she saw me sing  
One thing led to another thing  
Locked it down so she got that ring  
Now we both know what we're missing
