

One Night

Jesse Mccartney

What would you do if I gave it all to you and I traded in the limelight?

What would you say if I threw it all away just to be with you for one night?

What would I turn your head back?
Would you take my hand?
Cause' you knocked me senseless
Girl, I will do anything

For just one night
We only got one night
I'm looking in your eyes
They're taking me over
Girl just one night,
We've only got one night
Till we see the sunrise
Before it's all over
Tonight fades away
In my arms you will stay
For this one night
We've only got one night
This is our last night
Before its all over
Whoa oh oh oh

It only for one night
It only for one night
It only for one night

Whoa oh oh oh

What if I told you that I have always loved you and never got a fair shot?

What if you knew that when I look at you with someone else, it makes my heart stop?

But would you keep me chasing?
Would you play it cool?
Girl won't you give me something?
Cause I've given everything....

I can't find peace without you
I can't feel nothing' when you're gone
I'd walk this earth to find you
Now here we are

I can't find peace without you
I can't feel nothing' when you're gone
I'd walk this earth to find you
Now here we are
