

# Simple Thing (Called Love)

Jesse McCartney

Everything's a fight, everyday's a struggle  
Seems like fear is the guide that they want us to use  
Scared to raise our voice  
Afraid to make a choice  
But your powers inside  
No one can take that away from you

If you wanna change the world  
You gotta change your world  
It's a simple thing that connects you and me  
Everything's so complicated  
Everyone seems so frustrated  
Can we get back to the basics?  
It's a simple thing called  
Lalalalala love  
A simple thing called  
Lalalalala love

It's the little things that we forget about  
Gotta be the difference in the ones surrounding you  
It could be a hug or just a positive word  
When you look in the mirror  
Are you proud of what you do?

If you wanna change the world  
You gotta change your world  
It's a simple thing that connects you and me  
Everything's so complicated  
Everyone seems so frustrated  
Can we get back to the basics?  
It's a simple thing called  
Lalalalala love  
A simple thing called  
Lalalalala love

We can't keep livin' in confusion  
And we're runnin' out of excuses  
I know it doesn't seem that easy  
But, please, believe me  
All we need is love

If you wanna change the world  
You gotta change your world  
It's a simple thing that connects you and me  
Everything's so complicated  
Everyone seems so frustrated  
Can we get back to the basics?  
It's a simple thing called  
Lalalalala love (It's a simple thing)  
A simple thing called  
Lalalalala love (It's a simple thing)

If you wanna change, it can be easy, so easy (hey)  
If you wanna change, it can be easy, believe me  
If you wanna change it can be easy, so easy (turn around and look in the mirror)  
If you wanna change it can be easy, believe me (a simple thing called)

Lalala love  
A simple thing called lalalalalala love
