

Trip

Jesse Mccartney

You bring Miami to the bedroom
Make it rain like a hurricane, don't you
You're shining pretty just like, like New York City
And every time we take it down under
Ooh, I swear that you're the eighth wonder
You're so exclusive, got me actin' all stupid

Yeah, I—
I've been waiting the whole night
You got me feeling mile high
If you weren't here just for one night
I'd be on the next flight

You make me trip
I'm trippin' like I'm on vacation
You make me trip
And baby, you're my destination
We can go anywhere you are
I can go anywhere you need
You make me trip
You make me trip
I'm trippin' on ya

Baby, I'd climb any mountain
Fly to Rome, throw my money in a fountain
But when I'm kissing you, my wishes all come true
And there ain't no other place I'd rather be
Than face to face with you, girl
'Cause you're my whole world

You make me trip
I'm trippin' like I'm on vacation
You make me trip
And baby, you're my destination
We can go anywhere you are
I can go anywhere you need
You make me trip
You make me trip
I'm trippin' on ya

I'm trippin', trippin'
I'm trippin' on ya
I'm trippin', trippin'
I'm trippin' on ya

I—
I've been waiting the whole night
You got me feeling the high
If you weren't here just for one night
I'd be on the next flight

You make me trip
I'm trippin' like I'm on vacation
You make me trip
And baby, you're my destination
We can go anywhere you are
I can go anywhere you need

You make me trip
You make me trip
I'm trippin' on ya

I'm trippin', trippin'
I'm trippin' on ya
I'm trippin', trippin'
I'm trippin' on ya

I'm trippin', trippin'
I'm trippin' on ya
I'm trippin', trippin'
I'm trippin' on ya
