Jesse Rutherford

(Rockstar)

Hello, world, it's me again
Do you remember who I am?
It was too cold, when we met
I was in The Neighbourhood with my friends
You're number one? That's cool
I'm the shit, number two
I got hits on the chart
And I don't like to brag, but it ain't too hard
It's been a sec, I'm still here
Been a minute, shit, ten years
Shit, that's weird, shit, to be clear
Shit, I don't feel like I'm going anywhere
Sold out shows, on the road, I've been all over the globe
Back home, studio stay busy with the bros
All my videos hit a milli like I'm Wayne
Could've signed to XO, but I said "No, thanks"
I could sign to Interscope now if I wanna
Hi, Lana, got love for you, mama
Spotify page got so many commas
But if I'm being honest, my bank account doesn't
Oh, oh, oh-oh, oh, oh-oh, oh
Billion streams on a song that I wrote
TikTok popping, no need to promote
But I'll tell you anyway, just in case you didn't know
I'm me, J-E double S, E
Not M-G-K, just A-D-D
I'm, pre-Malone, take it eazy, G
Told you (It's Jesse, baby)
