

LAVENDER

Jesse Rutherford

(Rockstar)

You know the words to every song
I'm counting on you to remember these ones
Driving your car, singing along
Thinking of us

Lavender
Everywhere
Lavender
Everywhere I turn, lavender

It wasn't the storm that kept me awake
I close my eyes, I see your face
Wisterias after the rain
Oh, what a shade of

Lavender
Everywhere
Lavender
Everywhere I turn, lavender
