

My Ways

Jesse Rutherford

Wait wait
Take a day trip
(Daytrip took it to ten)

Alright
Okay
I guess it's just one of those days
Same fib
I can't change
I guess I'm just stuck in my ways
Alright
Okay
I guess it's just one of those days
Same fib
I can't change
I guess I'm just stuck in my ways

Take a day trip
In my spaceship
Get talking practice
Can't practice patience (uh)
Been working like Dickie's
I always hit you can't miss me
I can't help but feel like something always missing (I do)
Newby with the grill
I need something to feel
I do this shit to cope
You just do it for a deal
I do this shit for real
Even when I pretend
High in VIP you're probably lying to get in
You need a wristband
I'm getting big bands
On my walk of fame made of quicksand
Spend all my advance on some vintage
Dior my bitching looking like a christian

Alright
Okay
I guess it's just one of those days
Same fib
I can't change
I guess I'm just stuck in my ways
Alright
Okay
I guess it's just one of those days
Same fib
I can't change
I guess I'm just stuck in my ways
Yeah

Been a few days in a row
Without changing my clothes
From the plane to the boat
On stage at the show
Let it rock then I roll
To the next city

Where I get paid like a pro
NBA
NFL
Vintage frames
They're Chanel
Chipped paint
On my nails
Louis slide
TSA
Grab a meal
I've always been stubborn
If I like it keep a couple in my cupboard
Every day I do something new
But a few routines keep me covered

Alright
Okay
I guess it's just one of those days
Same fib
I can't change
I guess I'm just stuck in my ways
