OVERWHELMING

Jesse Rutherford

(Rockstar)
(It's Jesse, baby)
It's like I'm dancing with two left feet
Walking in the sand on a cloudy beach
Pockets full of candy and jewelry
Hard to understand what you do to me

But it's overwhelming
Yeah, it's overwhelming

I don't feel like trying, don't feel like crying
Don't feel like lying, don't feel like dying today
I don't feel like eating, don't feel like feeling
Don't feel like seeing me in the mirror, no way
I'm bored of us, yeah, I'm bored of them, yeah
I'm bored to death, yeah, I can't pretend, yeah
Can't just ignore it, it never ends
Can't say I didn't try before, because I did

'Cause it's overwhelming
I'm in over my head
Yeah, it's overwhelming me
I think I'm over, I'm over it

(Ooh, ah)
(Ooh, ah)

Did it really happen, was it a dream?
You can call it magic, if you believe
Could I be happy, in-between?
When I'm not spinning, I'm spiraling
Gotta pay my rent (Yeah), gotta pay my debt (Ooh, yeah)
Gotta pay attention, I'm already spent (Uh-huh)
Might lose my mind (Might lose my mind)
Might lose my grip (Might lose my grip)
Might lose myself, might lose some friends
I'll miss you so, I'll miss your love
I've gotta go, I've gotta run
I've gotta grow, I just wanna have fun
Before I'm dead and gone

'Cause it's overwhelming
I'm in over my head
Yeah, it's overwhelming me
I think I'm over, I'm over it
