

# Perfect Strangers

Jesse Rutherford

I have no idea what I'm doing  
I feel so running but my feet ain't even moving  
Trying to get the courage to talk to you  
My heart is pounding and I don't know what to do  
Thinking maybe I should walk away, oh  
I usually have confidence for days, but no  
Bad luck, I [?]  
Wanna compliment you but my brain just got stuck

Just met you but I can't forget you  
Think about you all day, don't even know your name  
I am [?] can I get your number?  
Is this my only shot, do I get another?

Maybe we're perfect strangers  
I'd like to know you better  
Give me one chance to change your world  
Give me one chance

Living cheap or fancy  
Chill at home or dancing  
Stay or travel though  
And spend the day as my girl  
Champagne and Jacuzzi  
Sneaking into movies  
Karaoke [?]  
Anything you like girl  
Anything you like girl

My family tell me to always speak the truth  
But what if saying it puts pressure on you  
But maybe I'm just trying to make excuses  
Don't wanna live regretting what I didn't do  
You're way too beautiful to keep on the down low  
So Imma tell you take it or just let it go  
You're dope and you don't even to know  
That you've got a radiance I ain't never seen before

You're a vision like a star collision  
Killing over brilliant, you're one in a billion  
I just wanna see you, get to know the real you  
Dining, drinking, dancing, living like we're fancy

Maybe we're perfect strangers  
I'd like to know you better  
Give me one chance to change your world  
Give me one chance

Living cheap or fancy  
Chill at home or dancing  
Stay or travel though  
And spend the day as my girl  
Champagne and Jacuzzi  
Sneaking into movies  
Karaoke [?]
